Inspiration

Kids who study STEAM develop skills essential for success: critical thinking and problem solving, creativity and innovation, communication, collaboration, and entrepreneurship.

Kids Discovery Factory is a 501 (c)3 non-profit group

Space is limited and will be filled on a first-received, first-registered basis. Completed forms and payment must be received by **Friday, June 9:**

Camp Description:

Students will experience exciting hands-on activities during Kids Discovery Factory’s 2017 STEAM Enrichment Day Camp.

Student will be grouped by grade level. Age specific activities include: Building structures, creating works of art using magnets and designing boats for special water activities. All campers will learn the magic of computer coding and collaborate as they try their hand at special “Escape Rooms.” In addition, students will explore the on-site Kids Discovery Mobile Factory’s collection of engaging STEAM exhibits! Our goal is to ensure each child has the opportunity to COMMUNICATE, COLLABORATE, think CRITICALLY, and CREATE in a fun, hands-on, and meaningful way!

T-shirts are included and must be worn each day of camp. Daily snacks will be provided.

Annual Campaign:

I am including a **donation** of \$_____, in addition to my child’s camp registration fee, to support Kids Discovery Factory’s **2017 Annual Campaign**. My contribution will help to provide more opportunities for valuable hands-on experiences year-round.
