

To Save Firefox bookmarks

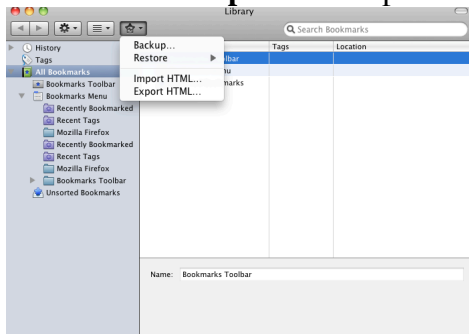

1. Launch Firefox and navigate to the **Bookmarks**

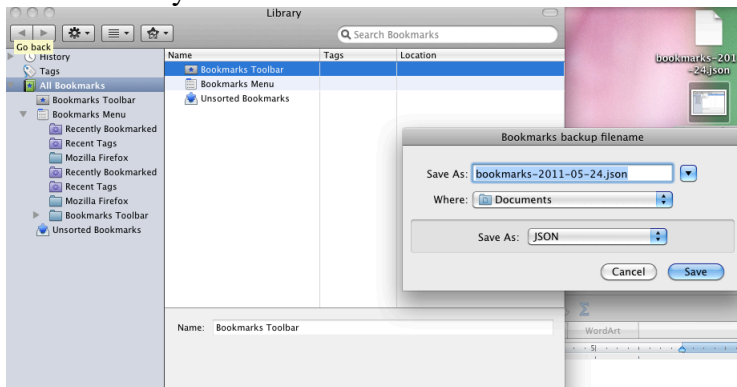

2. Select **“Show all Bookmarks”** from the dropdown box or **“Organize Bookmarks”**, depending on version of Firefox you are using.

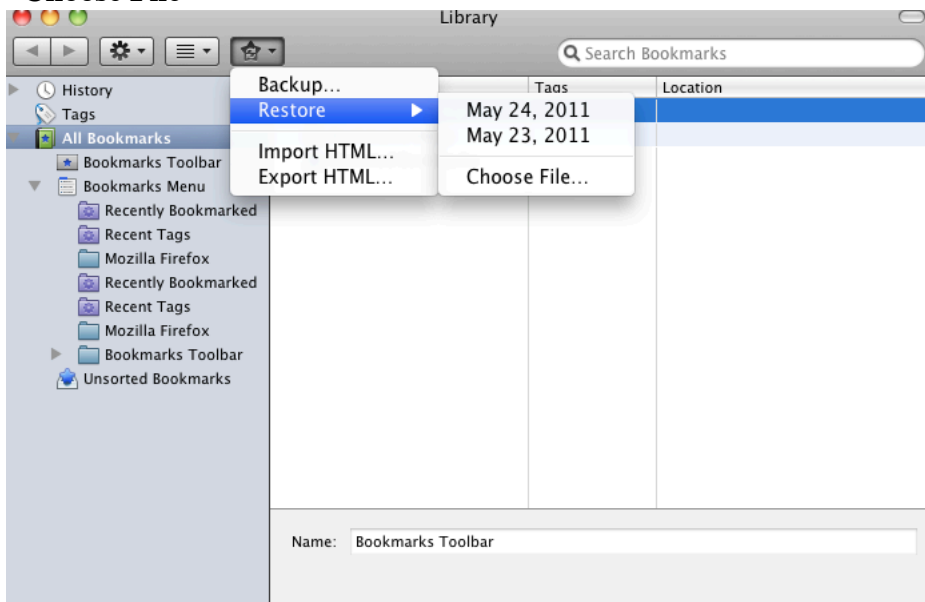

3. Select **“Backup”** from dropdown

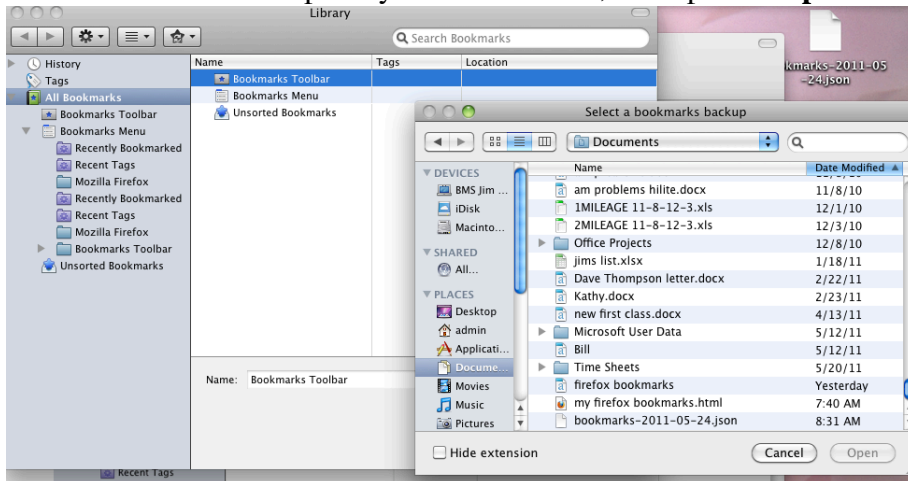

4. Change **“Save As”** to a title you will remember as your Firefox backup. Change the **“Where”** to your Documents folder.

5. To Import your bookmarks follow steps 1 & 2 then choose **“Restore”** then select **“Choose File”**

6. Choose the backed up file you saved earlier, Then press **“Open”**

Choose **“OK”**. Your bookmarks have been imported back into Firefox.
