CLUBS AND ORGANIZATIONS

Batesville High School [BHS] believes that extracurricular activities are an important part of the educational system. Being involved in these activities helps to contribute to the growth and overall development of our students. Each individual becomes a personal representative of the student body, school, and community.

Participation in clubs provides opportunities for students to learn skills in problem solving, team building, cooperation, citizenship, good sportsmanship, fairness, and others. The following is a list of the organizations offered at BHS:
