Dear Parents and Students:

At this time our records indicate your son/daughter has **requested a summer course OR needs a required course for graduation**. BHS summer school is offered through BHS teacher designed modules and through our online summer school provider, Indiana Online. In both options, teachers will monitor student progress and are available for questions during scheduled summer school office hours for designated subjects.

Summer School Expectations

- Students are **expected** to be in attendance during the summer school class times outlined by their summer school teacher. Class schedules will be provided for each summer course that has in person help sessions.
- Courses that do not have in person help sessions and are fully online, will have access to an online teacher for questions. Students are **expected** to communicate with the online teacher and/or Indiana Online for all course related questions.
- Laptops are **expected** to be returned to the BHS IT Dept. by July 1st. Parents/students should communicate with the IT Dept. for conflicts with the laptop return timeframe. BHS IT email address is: helpdesk@batesville.k12.in.us

(Unreturned laptops will impact registration and scheduling for high school courses.)

Economics Summer Course Notice

Students interested in completing Economics over the summer will have the opportunity to do so through our summer school provider, “Indiana Online.” It is the responsibility of the student to communicate any course issues, instructor conflicts or technical difficulties with Indiana Online directly. This is not a BHS structured course.

All Economics final grades sent to BHS from Indiana Online will be listed on the student’s transcript using the BHS grading scale. Summer courses follow the BHS course audit policy listed in the curriculum guide.

** As a reminder, students must earn a 70% or above to stay on track for an Honors Diploma. Courses can only be audited if a credit is earned and the credit earned must be below 70%.*

*** The state of Indiana requires students to take a quantitative reasoning(QR) course each year of high school. Economics is a standard QR course for senior year, but could be met by taking a higher level math course senior year.*

By Signing this notice I am agreeing that I have read the above statements and understand that the Economics final grade will be displayed on my transcript. Batesville High School will not accept credit without this signed agreement.
