

CHILDHOOD IMMUNIZATIONS

If you're unsure of which immunizations your child needs our staff can help. All recommended childhood vaccines are available at our clinic. Vaccines are given on a routine schedule - 2 months, 4 months, 6 months, 12 months, 15 months, 18 months, age 4 - 6 years, 11 years and 16 years.

Appointments are required. Be sure to bring your child's immunization record with you. For more specific information about immunizations or the recommended immunization schedule, visit www.cdc.gov.

TO LEARN MORE, OR TO SCHEDULE AN APPOINTMENT, CALL 812.932.5105.
